SUMMARY

Software Engineering student at UBIT, University of Karachi, with hands-on experience in full-stack development and AI-powered applications. Skilled in Python, TypeScript, Next.js, React, and modern AI technologies, with a strong focus on building practical and scalable solutions.

EDUCATION

Bachelor of Software Engineering, *University of Karachi, UBIT*
In Progress — 6th Semester

PROFESSIONAL EXPERIENCE

Full Stack Developer, *Ventora Business Solutions* *04/2025 – 06/2026*
- Developed end-to-end web applications using Next.js and TypeScript with modern backend stacks, focusing on performance and scalability.
- Collaborated with cross-functional teams to translate business requirements into technical specifications and shipped the resulting features.
- Built reusable, responsive frontend components and integrated backend services to support production-ready releases.

Sales Agent, *Suenos Call Center* *09/2023 – 03/2024*
- Managed outbound customer communications and client relations, strengthening client-facing communication and sales performance.

PROJECTS

https://AI-Powered Resume Builder , *resume-builder-ali.vercel.app*
- Built a full-stack resume builder using Next.js and TypeScript with LLM APIs for content suggestions and ATS-friendly formatting.
- Designed a responsive interface enabling users to create optimized resumes quickly.

PDF Tools with AI Chat , *https://pdf-tools-with-ai-chat.vercel.app*
- Built an AI-powered PDF application using Next.js and TypeScript for document upload and natural-language interaction.
- Integrated LLM APIs with PDF parsing for content extraction, summarization, and intelligent document queries.

PreTaxPrice , *Reverse Sales Tax Calculator, https://salestaxreversecalculator.com*
- Built and deployed a production reverse sales tax calculator using Next.js and TypeScript.
- Managed the project end-to-end, including architecture, frontend development, and Vercel deployment.

ClearDay — AI-Powered Task Management Platform
- Built a full-stack AI task manager with natural-language chatbot interaction.
- Developed using Next.js, TypeScript, FastAPI, PostgreSQL, and JWT authentication.

SKILLS

Languages
Python, TypeScript, JavaScript, Dart

AI / ML
OpenAI SDK, OpenAI Agents SDK, LLM Integration, Agentic AI, Prompt Engineering, Workflow Automation

Frameworks, UI, APIs & Databases
Next.js, React.js, Flutter, FastAPI, Node.js, REST APIs, PostgreSQL, SQL, Prisma, Neon

Concepts & Tools
Git, GitHub, Vercel, Version Control, CI/CD Deployment

CERTIFICATIONS

Artificial Intelligence, Web 3.0 & Metaverse — Governor Sindh IT Initiative (In Progress)

Amazon Private Label — NAVTTC
2020 – 2021

Google AI Professional Certification
